### Description

The STC hospital pattern double bowl plus single drainer sink top is manufactured from 1.5mm Grade 304 stainless steel and designed for wall mounting in accordance with HBN 00-10 Part C Sanitary Assemblies (previously HTM64 Sanitary Assemblies (2006)). The sink top may be supplied with either a left or a right hand drainer

### Size

The STC hospital pattern double bowl plus single drainer sink top has an overall plan size of 1800 x 600 mm in compliance with HBN 00-10 Part C Sanitary Assemblies (previously HTM64 Sanitary Assemblies (2006)).

### Waste Outlet

The pressed stainless steel rectangular sink bowls have no overflow and are supplied with 38 mm 1 1/2" BSP unslotted flush grated waste fittings.

### Tap Hole Positions and Sizes

The Hospital sink top as standard is not provided with tap holes. As an option the sinks can be provided with either one central tap hole or two tap holes at 200 mm centres. Tap hole sizes that can be provided are 22 mm dia, 28 mm dia and 35 mm dia.
